C. **Plan Commission Report**

1) **Motion to approve a certified survey map to divide parcel 6-27-533.505 into two lots for a two-family twin residence addressed at 648 and 650 Locust Lane, finding that the application is in the public interest and meets the objectives contained within Section 110-102(g) of city ordinances, with the following conditions:**

i) *The final CSM and joint maintenance is recorded with Rock County Register of Deeds.*

ii) *The applicant records a joint cross access and maintenance agreement for each of the new lots made by CSM.*

Motion by Brooks, seconded by Morrison. Motion passed 8-0.

2) **Second Reading and Motion to Approve Ordinance 2023-14, Annexing and Rezoning Territory from the Town of Union to the City of Evansville Parcel 6-20-232, pending Department Of Administration approval, and applicant accepts and signs the agreement by Brooks, seconded by Neeley. Motion passed by Roll Call 8-0.**

Corridon announced Council members received an email from resident Jessica Pelzek.

Spranger explained the process of annexation, saying that prior to any development, land division, or rezoning, etc. that could take place on the land, it first must belong to the city. The landowner is behind the developer's petition to annex into the city and has a pre-purchase agreement with a developer that hinges on the annexation to the city. If annexation occurs the land would become part of the city, allowing the city authority for the decisions of land use including utility expansions.

Spranger acknowledged a 2018 study conducted by Town and Country Engineering that provided an understanding that if the land were to be developed, a booster station would be necessary to supply water to the area. The estimated price in 2018 was around \$600,000.

Spranger said the annexation would allow for street expansions that are consistent with the Transportation section of the Comprehensive Plan, however, roads in the area have had increased traffic will require a collaboration with the police department and county to address traffic concerns.

Spranger stated current zoning is considered Mixed-Use. Additional discussion occurred.

Morrison had questions on environmental constraints concerns regarding slope and stormwater. Spranger explained the city regulates new land coming into the city and site development, in this case the stormwater surveys and plan requirements that the city's engineer would review.

Brooks reiterated that development plans and potential uses are not on the agenda at this moment. The concern is whether to annex the land into the city, and that the land has been part of the Smartgrowth plan since 2005 as a future Mixed-Use property.

Spranger further explained that if there were a septic or well on the property, they would need to be removed.

Motion to amend to add that the applicant accepts and signs the annexation agreement, by Brooks, seconded by Ladick. Motion passed 8-0.

Tim Dowden: Dowden had questions in regards to the floodplain and how much water would run south impacting his property. Dowden also had concerns about the booster stations ability to service area in question and why concerns surrounding the city's budget and a cost estimate from a 2008 study isn't alarming. Additional discussion occurred.

Mayor Duggan gave instructions on where to find meeting notices for city meetings where next steps would be discussed.

Jessica Pelzek: Pelzek acknowledges the potential annexation is consistent with the current land-use map. However, Pelzek has concerns about the city's actual following of the Smartgrowth Plan as has not been updated since 2014. Additionally, the city has not added schools, streets, and police which the plan also calls for. Pelzek asked to have this matter tabled until the Smartgrowth Plan is updated in 2024.

Spranger did state for the record the Smartgrowth Plan was last updated in September 2022 not 2014. Spranger will upload the updated plan after the city's website upgrade reconfiguration caused a file disruption in December.

Greg Ardisson: Ardisson would like to know why the annexation was denied 10 years ago, and if the concerns at that time were still in effect at this time. Sergeant shared that he was given the impression that it was due to the school population at the time. Currently, the school population has been declining so there is a desire to get more families in the area.

- 3) **Second Reading and Motion to Approve Ordinance 2023-15, Amending Chapter 130 (Zoning) of the City of Evansville Municipal Code, by Brooks, seconded by Neeley. Motion passed 8-0.**

Spranger believes that the last time that the entire Zoning Code was updated was in 2014. Ideally this would be evaluated every year to catch any small changes that would be found throughout the year. Spranger anticipates that this will be the first of many updates as the Zoning Code is broken up by different articles. Wisconsin Act 16, which will provide monetary assistance for housing assistance to bulk developers in municipalities. Comprehensive Plan and Zoning Code both must be updated to include easier housing regulations. There are a number of uses that needed updating was in regards to Child Care. The updates follow what is in the state statutes. Spranger address the zoning concerns that Corridon had in regards to the location of the EYC.

2) **Second Reading and Motion to Reecomend Approve Ordinance 2023-12, Amending Chapter 106 - Streets Sidewalks and Other Public Places, by Brooks, seconded by Morrison. Motion passed 8-0.**

Corridon had concerns on the generality of the language of the ordinance. Sergeant answered to suggest that being general includes more people instead of being singular. Sergeant also explained that some smaller items could be addressed by City employees instead of having them brought to committee. Sergeant explained that the City Forester is more of an appointed position, and currently on the books it is Dale Roberts. There was additional explanation that the City will be responsible for the terrace trees.

3) **Second Reading and Motion to Reecomend Approve Ordinance 2023-13, Amending Chapter 122 - Traffic and Vehicles, by Brooks, seconded by Neeley. Motion passed.**

Other properties that had staff approved repairs: 136 Garfield had a wooden fence to replace a wooden fence, 17 Mill Street had porch stairs replaced with similar materials, and 25 N Madison replaced sign faces with a new copy.

While the new Building Inspector will be focusing on the Code Enforcement while finalizing the accreditation, we will be contracting out for the new building inspections. The Town of Beloit has been helping in the interim. There is an assessment process in the works for the current EYC.

11. **New Business**

- A. **Motion to Approve the Appointments of Election Inspectors for 2024-2025, by Brooks, seconded by Corridon. Motion passed by Roll Call 8-0.**

Morrison pointed out that Leah Hurtley should have a “t” in it.

- B. **Update on CHS Oilseed Processing Facility:** Spranger handed out schedules of CHS timelines through July. Board approval requires two meetings prior to the April Board meeting. Land control would occur after the approval from the Board. Currently, there is work occurring on the Development Agreement, along with the TID certification. The construction documents are in continual work. The air permit is an important part of the process, and they meet every week to work out the very detailed aspects. Construction currently shows about mid-April. The dirt work can start even without the Air Permit. The concrete footings and steel erection will not be able to begin without the Air Permit. There was additional discussion on the exemption for the TID restrictions as well as the infrastructure for the Railroads.

- C. **Closed Session:** **Motion to convene in closed session pursuant to section 19.85(1)(e) of the Wisconsin statutes where discussion in open session would negatively impact the city's competitive or bargaining position and pursuant to Sec. 19.85(1)(e) Deliberating or negotiating the purchasing of public properties, the investing of public funds, or conducting other specified public business, whenever competitive or bargaining reasons require a closed session. Upon completion, the Common Council will reconvene in open session, by Brooks, seconded by Morrison. Motion passed by Roll Call 8-0.**

Closed session began at 7:24pm

Open session began at 8:00pm

- ~~D. **Possible Discussion and Possible Motion on Development Agreement between CHS and the City of Evansville.**~~

- E. ~~Consideration and possible action~~ **Motion to Approve Resolution 2023-40, a “Resolution Creating Tax Incremental District No. 10, Approving its Project Plan and Establishing its Boundaries,” by Brooks, seconded by Neeley. Motion passed by Roll Call 8-0.**

Greg Johnson shared that this will be a 20 year, Mix Use TID. Johnson gave some background on the qualification requirements for the creation of the TID and the projects that would be funded by the TID. The majority of the costs will be funded by the developer. This will also make the City not responsible for any monetary shortfalls. Projects would include wastewater, street, stormwater, trails and/or sidewalks. The City will need to prioritize the infrastructure projects. It is anticipated that the TID would remain open for the entire 20 years. The final approval to create the TIF would take place at the Joint Review Board in January, as the Joint Review Board consists of the other taxing entities. The other taxing entities would be foregoing their share of tax revenue. Brooks wanted to look at adding a cap flexibility of \$75 million due to the increasing costs.

Motion to amend the project plan not to exceed \$75 million, by Brooks, seconded by Ladick. Motion passed 8-0.

ARTICLE 2 – PERFORMANCE STANDARDS

The Inspector shall use that degree of care, skill, and professionalism ordinarily exercised under similar circumstances by members of the same profession practicing or performing the substantially same or similar services with respect to the category of services being performed. The Municipality acknowledges and agrees that inspections to be provided as part of the Work: (i) shall be based only upon visible, observable, and accessible conditions as they exist at the time of inspection; (ii) are not designed or intended to predict future conditions; and (iii) do not cover any latent defects, concealed defects, or defects not reasonably observable in the course of or at the time of inspection.

ARTICLE 3 – TERM AND TERMINATION

3.1 Initial Term and Renewal. This Agreement shall become effective on **TBD** (the “Effective Date”) and shall, unless earlier terminated pursuant to Section 3.2, remain in full force and effect until **TBD** (the “Initial Term”). The Inspector shall begin performing the Work pursuant to this Agreement upon the Effective Date. Unless earlier terminated pursuant to Section 3.2, this Agreement shall automatically renew for successive twelve (12) month periods (each a “Renewal Term”) unless either party gives written notice of nonrenewal (“Nonrenewal Notice”) at least ninety (90) days prior to the end of the then-current term, in which case the Agreement shall terminate at the end of the then-current term.

3.2 Termination. Either party may terminate this Agreement for any reason or no reason upon 60 days advance written notice to the other party (a “Termination Notice”), which notice shall set forth the date of termination of this Agreement. The Municipality shall remain liable to the Inspector for compensation for all Work (or Additional Services) performed by the Inspector prior to the date set forth in the Termination Notice for the termination of this Agreement. The Inspector may terminate this Agreement immediately and without notice if the Municipality fails to make timely payment of an invoice from the Inspector. Upon the termination of this Agreement under this Section 3.2 or nonrenewal pursuant to a Nonrenewal Notice, the Inspector shall have no further responsibilities with respect to any ongoing building project and shall retain all compensation paid as of the date of termination for the Work. If this Agreement is terminated pursuant to a Termination Notice or Nonrenewal Notice and the Inspector has collected Permit Fees, Inspector shall deliver such Permit Fees to the Municipality.

ARTICLE 4 – ADDITIONAL SERVICES

Notwithstanding anything in Section 1.3 to the contrary, the Work shall be limited to inspections necessary to administer and enforce chs. SPS 320 to 325, Uniform Dwelling Code, and, regardless of the Municipality’s codes and/or ordinances, shall not include any ancillary or related services, including, but not limited to, zoning, planning, floodplain zoning, or shoreland zoning administration. In the event the Inspector provides services beyond those set forth in Section 1.3 at the direction of the Municipality (collectively, “Additional Services”), then the Municipality shall pay the Inspector for all such Additional Services based on the Inspector’s then current hourly rates as set forth in the Inspector’s fee schedule, which present fee schedule is set forth in Addendum A, plus expenses.

ARTICLE 5 – INSURANCE

The Inspector shall maintain: (i) commercial general liability insurance in the minimum amount of \$1,000,000.00, with Municipality named as an additional insured thereon; (ii) a professional liability policy of \$2,000,000.00; and (iii) workers' compensation insurance covering all employees or agents of the Inspector assisting or participating in any way in the rendering of Work under this Agreement and in an amount not less than that required under Wisconsin law.

ARTICLE 6 – RELATIONSHIP OF THE PARTIES

6.1 General. It is understood, agreed, and is the intent of the parties that the Inspector is at all times acting and performing as an independent contractor, not as a servant or employee of the Municipality, and the Inspector shall not hold itself out as such. The Inspector is solely responsible for the Inspector’s employee benefit, tax withholding, employment taxes and workers’ compensation insurance, and for complying with all other applicable laws, rules and regulations with regard to the Inspector’s performance of the Work. The Inspector shall be solely liable for all Federal and State tax liability associated with any payments received from the Municipality under the terms of this Agreement. Each party shall furnish all legal, insurance and accounting services as may be reasonably necessary at any time for the services and to meet each party’s needs and interests. Nothing in this Agreement shall be deemed to create an employment, partnership, or joint venture relationship between the Municipality and the Inspector or any of the Inspector’s employees. Neither party shall have any right, power or authority to act or create any obligation, express or implied, on behalf of the other party. Both the Municipality and the Inspector expressly acknowledge that the Municipality is not liable for unemployment compensation with regard to any services provided by the Inspector in accordance with the Agreement. The Inspector shall not receive from the Municipality any retirement or savings benefits, health insurance, or any other benefit offered to the Municipality’s employees. Notwithstanding the foregoing or any other provision of this Article 6, the Inspector shall be the Municipality’s “agent” as that term is specifically utilized and defined by the court in *Estate of Lyons v. CNA Ins.*, 207 Wis. 2d 446, 558 N.W.2d 658 (Ct. App. 1996) and as further explained in *Melchert et al. v. Pro Electric Contractors et al.*, 2017 WI 30, for purposes of governmental contractor immunity.

6.2 Licensing. The Inspector is responsible for, and shall keep in full force and effect, any necessary federal and/or state licensing and bonding, and shall comply with all federal and state law regarding any services to be provided pursuant to this Agreement.

6.3 Facilities and Equipment. The Inspector shall maintain a separate business from the Municipality with its own office, equipment, materials, and other such facilities. The Inspector shall be responsible for providing all code books, technical manuals and inspection equipment, incurring the cost of all necessary professional organization dues and costs of on-going training and re-certification, and a properly registered and insured vehicle for use while performing services, including the costs of maintenance and fuel.

- 6.4 Means of Performing Work.** The Inspector shall control the means of providing services under this Agreement, and the Municipality will not control the details of the Work. The Municipality shall have no control or supervision over the Inspector, other than accepting or rejecting the Work. Inspector is not required to work any set number of hours per week, any schedule or any routine. The Municipality has no right to compel the Inspector to work at a certain time, to travel to any particular location, to canvass a certain territory, or to work at specific places or at specific times. Any and all agreed upon office hours between the Municipality and the Inspector are subject to change depending on the availability of the Inspector. In addition, the Inspector has a right to alter any agreed upon office hours during times of the year when permit applications have decreased. In addition, the Municipality cannot compel the Inspector to enter into any structure that the Inspector deems unsafe or which may cause said Inspector bodily harm until said building is deemed to be safe for entry.
- 6.5 Municipality's Property.** The Inspector has no right to, and shall not, use the Municipality's name, symbol, or logo in the promotion of the Inspector's business or other activities, unless preapproved in writing by Municipality.
- 6.6 Hold Harmless and Indemnification.** Liability for bodily injury, disability and/or death of Inspector employees shall be assumed by Inspector. Inspector shall indemnify, defend and hold Municipality harmless against all claims, actions, proceedings, damages and liabilities, including reasonable attorney's fees and whether for bodily injury, disability and/or death of any person or for damages to property, resulting from the negligent acts, errors or omissions or willful misconduct of Inspector, its employees, agents, representatives or other person(s) doing business with Inspector in connection with this Agreement. However, Inspector shall not be liable to Municipality for damages incurred by Municipality due to the negligent or intentional acts or omissions of Municipality or its employees, agents, or representatives. This section is not to be in conflict with Section 893.80(4), Wis. Stats.

ARTICLE 7 – DOCUMENTS AND RECORDS

- 7.1 Municipality's Obligations.** The Municipality shall timely provide all data, information, plans, specifications, records and other documentation required by Inspector to perform the Work. Notwithstanding anything to the contrary in this Agreement, the Municipality acknowledges and agrees that the Inspector shall be entitled to rely upon the adequacy, accuracy and completeness of any and all data, information, plans, specifications, records and other documentation that the Municipality provides to the Inspector relative to the Work.
- 7.2 Inspector's Obligations.** Inspector acknowledges and agrees that the Municipality is subject to the Public Records Law of the State of Wisconsin. The Inspector shall maintain copies of all data, information, plans, specifications, records (as defined by §19.32(2), Wis. Stat.) and other documentation utilized or created on behalf of the Municipality in the performance of the Work (collectively, the "Inspector's Records") for a period of time not less than 7 years from the date of creation or last utilization thereof. Inspector will provide Municipality with electronic copies of any Inspector's Records requested by Municipality. All original data, information, plans, specifications, records (as defined by §19.32(2), Wis. Stat.) and other documentation relating to the Work (collectively, the "Original Records") performed shall be housed at the offices of the Municipality. The Inspector shall assist the Municipality in answering or responding to requests for open records but shall not be considered the records custodian for purposes of determining whether or not records should be provided in response to a request. The Inspector shall not destroy any Original Records without the written permission of the Municipality. Inspector shall indemnify and hold harmless Municipality for any liability, including without limitation, attorney fees, related to or in any way arising from Inspector's: (i) failure to maintain the Inspector's Records for the period of time required under this Section 7.2; (ii) failure to deposit the Original Records with Municipality; or (iii) destruction of Original Records without the written permission of Municipality. This Section 7.2 shall survive the termination of this Agreement; provided, however, upon termination of this Agreement, Inspector may deliver the Inspector's Records to Municipality, and if Inspector so delivers the Inspector's Records to Municipality, this Section 7.2 shall not survive termination of this Agreement.

ARTICLE 8 – THIRD PARTY RELIANCE

This Agreement is intended for the mutual benefit of the parties hereto and no third-party rights are intended or implied except with respect to permit applicants and, if a permit applicant is not the owner(s) of the real property to be improved pursuant to the applied for permit, the owner of the real property to be improved pursuant to the applied for permit (collectively, the "Third Parties"). The parties acknowledge and agree that: (i) the issuance of a building permit creates no legal liability, express or implied, on the Municipality or Inspector; (ii) the Third Parties are responsible for complying with all applicable codes, statutes, ordinances relative to the permitted improvements and the conditions of the building permit; (iii) no examination or inspection made by Inspector at any time relieves the Third Parties of responsibility for complying with all applicable codes, statutes, ordinances relative to the permitted improvements or the conditions of the building permit; (iv) excepting Inspector's obligation to indemnify, defend and hold Municipality harmless pursuant to Section 6.6, Inspector is released and discharged from any and all liability, claims, demands or causes of action that the Third Parties may hereafter have for injury, death or other damages arising out of or related to the permitted improvements, including, but not limited to, negligence claims, warranty claims and/or breach of contract claims; and (v) the inspections, permits, reports and findings issued after the reviews or inspections are not intended as, nor are they to be construed as, a guarantee. In furtherance of the foregoing, the following disclaimer shall be included on all reviews or inspections: *The review of applications and/or the findings of inspection contained herein are intended to report conditions of noncompliance with applicable codes, statutes, and ordinances relative to the permitted improvements that are readily apparent at the time of review or inspection. The review or inspection does not involve a detailed examination of the property lines or surveys, mechanical systems or the closed structural and nonstructural elements of the building and premises. No warranty of the operation, use or durability of equipment, materials, products, or improvements is expressed or implied.*

ARTICLE 9 – NOTICES

All notices, demands, and communications provided for under this Agreement shall be delivered by first class mailing, postage prepaid, or e-mail addressed in each case as follows, until some other address shall have been designated in a written notice given in like manner, and shall be deemed to have been given or made when so delivered or mailed: (i) if to the Inspector, General Engineering Company, c/o Michael Parrott, PO Box 340, 916 Silver Lake Drive, Portage, WI 53901; e-mail: mparrott@generalengineering.net; and (ii) if to the Municipality, City of Evansville, c/o TBD –, 31 S.
