

FREE LED LAMPS

Get yours today.

Why T8 LEDs?

Not only are T8 LED lamps engineered to last longer – up to 20 years – they also use **30% less energy** than traditional Fluorescent lamps... saving you money on both maintenance and utility costs.

Take advantage of this trial offer

If you have ever wondered whether LEDs could benefit your business, now is your chance to try them FREE. To get up to four free T8 LED lamps contact your Energy Services Representative. LEDs are available on first-come, first-serve basis to all commercial and industrial customers so call today.

Evansville
Water & Light
A Public Power Community Est. 1901

Shared strength through  WPPI Energy

At Evansville Water & Light, we believe affordable public power strengthens our community and helps our neighbors. That's why, through WPPI Energy, we're partnering with other local not-for-profit utilities to share resources and lower costs.
